Education

Bachelor Of Science In Computer Science   2020-09 - Present

HAN, University of applied sciences

Subjects Covered

- Networks
- Databases
- Data Structures
- Software Design
- Interface Design
- Web Technologies
- Operating Systems
- Software Engineering
- Security and Encryption
- Software Project Management

Senior General Secondary Education, Nature & Technology

Baudartius College

- English
- Dutch
- Mathematics for scientific studies
- Advanced mathematics
- Computer Science
- Physics
- Chemistry

Skills

Build Systems
- Jenkins
- Maven

Version Control Systems
- Git

Code Hosting Services
- Github
- Bitbucket
- Gitlab

Operating Systems
- macOS
- Windows
- Linux (Ubuntu)

Office Suite
- iWork
- Microsoft Office
- Google Workspace

Databases
- MongoDB
- MSSQL
- MySQL
- Neo4j

Programming Languages
- Objective-C
- Javascript
- PHP
- Swift
- Java

Development / Environment Tools
- Xcode
- MS Visual Studio
- Azure data studio
- IntelliJ IDEA
- Figma
- Zeplin

Generic Development Skills

- Networking
- Unit Testing
- Code Reviews
- Virtualization
- Cloud Services
- Source Control
- Data Structures
- Algorithm Design
- Operating Systems
- Agile Methodologies
- Object-oriented Design
- Continuous Integration
- Planning and Estimation
- Open Source Contribution
